REMARKS

This is UNEVALUATED

On several days between 3 and 7 June 1954, MiG-15s and U-MiG-15s practiced firing at towed sleeve targets over Schweriner Lake. The aircraft approached the target from the rear and a higher altitude and, on each approach, gave one burst of fire with aircraft cannons. They headed south after 4 or 5 approaches.

25X1

Comment. Air activity was probably conducted by aircraft of the fighter regiment in Parchim.
